

Tap n Go

IT&S application

Our clinical providers now have the ability to login and out of the hospital computers using their badge.

Tap N Go Badge Authentication

1
Locate the badge reader on the side of the PC monitor and swipe your badge.

2

Logon to Desktop - Vergence Authenticator

SSO
HCA single sign-on

Please enter valid user credentials for the system.

User name: <badge not enrolled>

Password:

Logon Logoff Cancel Options >>

[Password Reset](#)
[Guest Login](#)

Remove <badge not enrolled> the first time you swipe your badge on the badge reader and type in your 3-4 ID in the User Name. Password is your Network password that is at least eight characters long with one capital letter and one number.

Are you Unable to login?

This is how Residents, Students, Agency and those that forget their badges sign into the computer by clicking on [Guest Login](#) link.

Please don't forget to log off the computer by clicking on the red door.
For users that have enrolled into SSO they can also tap their badge.

For questions or to reset your network password please call our IT Help Desk at 888-561-6599.
